EDUCATION

The University of Tennessee, Knoxville, TN
Bachelor of Science, Information Science (BSIS)
Concentration: User Experience Design (UXD)

May 2025
Major GPA: 3.56/4.0

TECHNICAL SKILLS

Languages:

HTML, CSS, JavaScript,
Python, C++

Frameworks/Libraries:

Bootstrap, React.js, Pandas,
Matplotlib

Databases:

SQL, MS Access

Tools:

Git, Figma, MS Office, Adobe
Photoshop

PROFESSIONAL EXPERIENCE

Web Developer with IBC Traffic, Remote

May 2024 - Current

Internship

- Collaborated with senior management to capture business requirements for the redesign of the corporate website, leading to improved user experience and a measurable increase in traffic and conversions.
- Designed and deployed dynamic website features using Figma for prototyping, Squarespace for hosting, and custom HTML, CSS, and JavaScript, improving site functionality and aesthetics.
- Conducted iterative user testing and feedback sessions, refining the site based on insights, resulting in a more intuitive and satisfying user experience.

RELEVANT COURSEWORK

Database Design – UTK Course

- Studied procedures and techniques in database design and development, including conceptual data modeling, logical database design, and the physical database design process.
- Gained proficiency in Structured Query Language (SQL) for querying and managing relational databases.

Programming for Information Applications – UTK Course

- Focused on programming languages with an emphasis on data structures, built-in functions, user-defined variables, and syntax control structures for processing and visualizing datasets.

User Experience Design – UTK Courses & Google UXD Certification

- Developed user-centered design skills, including user research, persona creation, wireframing, and prototyping.
- Acquired expertise in usability testing and iterative design to enhance product functionality and user satisfaction.
- Proficient in design tools such as Figma and Adobe XD for creating high-fidelity prototypes.
- Applied accessibility principles to ensure inclusive and user-friendly designs for diverse users.

Interfaces and Interaction Design – UTK Course

- Explored human-computer interaction (HCI) principles to design intuitive and effective user interfaces.

PROFESSIONAL CERTIFICATIONS

- AWS Cloud Practitioner Certification (Expected September 2024)
- Google User Experience Design Certification (Completed September 2024)
- Meta Front-End Developer Professional Certificate (Expected January 2025)
